

COMPACT POWERLIFT

Power on the go! Rev 004

With its multi-purpose design, the *Compact Powerlift* makes a great all around depositing system with more power and faster depositing speed than our larger depositors, yet is smaller in design! The *Compact Powerlift* can be fitted with a full range of Unifiller attachments and comes equipped with a powered height adjustment that drops the Hopper to floor level for easy filling and convenient operation.

System Includes

- Compact depositor fitted with 2.5” product cylinder and piston size
- Large conical hopper—14 US gallon capacity
- Depositing table—removable and fully height adjustable
- Foot operated starter switch (step for single shot or hold for multiple shots)
- Fitted with spout nozzle
- All stainless steel construction frame with powered height adjustment –machine base drops to floor level for easy filling and can be operated at any height

Common Applications

- Batter for cakes, muffins, etc.
- Fruit filling for pies and pastries
- Icings, frostings & toppings
- Jams and jellies
- Creams, custards & mousse
- Anything that can be squeezed through a pastry bag!

Product Cylinder Size Chart
